DECLARATION

SMISOL® Clim Platinum is a copper tube produced by Serravalle Copper Tubes S.r.l. according with:

- EN 12735-1 Copper and copper alloys - Seamless, round copper tubes for air conditioning and refrigeration – Part 1: Tubes for piping systems

SMISOL® Clim Platinum is made with copper phosphorus deoxidized, minimum 99.9% Cu (CW024A – Cu-DHP). It is pre-insulated with regular sized, uniformly distributed closed-cell polyethylene foam sleeving, manufactured without CFC and HCFC.

The quality of the inner surface is obtained by technological processes and all tubes are closed at the ends by plastic caps to safeguard the internal cleaning of the tube until it is installed.

Due to these characteristics **SMISOL® Clim Platinum** is suitable for the following applications:

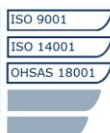

- Air conditioning systems and refrigerating gas conveying (e.g. R32, R410A, R407C).
