

Herewith the company **TIEMME RACCORDERIE S.P.A.**, manufacturer of fittings systems , manifolds, pipes, valves and taps for hydro-thermo-hydraulic and gas plants

In conformity with the regulations in force,

DECLARES on their own responsibility that the following products:

BOILER BALL VALVE

RANGE 2990G

And

SOLAR BALL VALVE

RANGE 2991SUN

MADE IN ITALY

are produced properly following steps as below:

HOT PRESSED and MANUFACTURED at our plant in Lumezzane (BS-Italy) in accordance with an ISO 9001:2008 KIWA, certified quality procedure;

- the raw material used is brass (CW617N) in conformity with the EN 12164 for the bars and EN12165 for pressed articles and also is therefore suitable for contact with drinking water;
- the seal on the stem is guaranteed thanks to the O-ring in NBR for 2990G and Viton for Solar 2991SUN;
- The ball valves are conform to standard **UNI EN 13828** "Building valves - Manually operated copper alloy and stainless steel ball valve for portable water supply in building - test and requirement".
- the valves have been tested and certified by the following external Certification Boards: EMI-TÜV (Hungary), PCT-GOST (Russia), TYSK (Ukraine), TSU (Slovakia) report number **S03/07/0025/4201/SC.**, PZH (Poland).

The Quality Control System of **TIEMME RACCORDERIE S.P.A.** is certified in accordance with the rule **ISO 9001:2008 KIWA No. KI-052300**. The company undertakes to provide clients with reports, tests and technical information relative to any of the above-mentioned products as and when requested, and, furthermore, puts their experience and advice at the client's disposal to ensure the correct use of their products;

DECLINES

liability for any accidents to persons or objects resulting from tampering or from incorrect/unsuitable use or installation of products.
